How to make your first recording

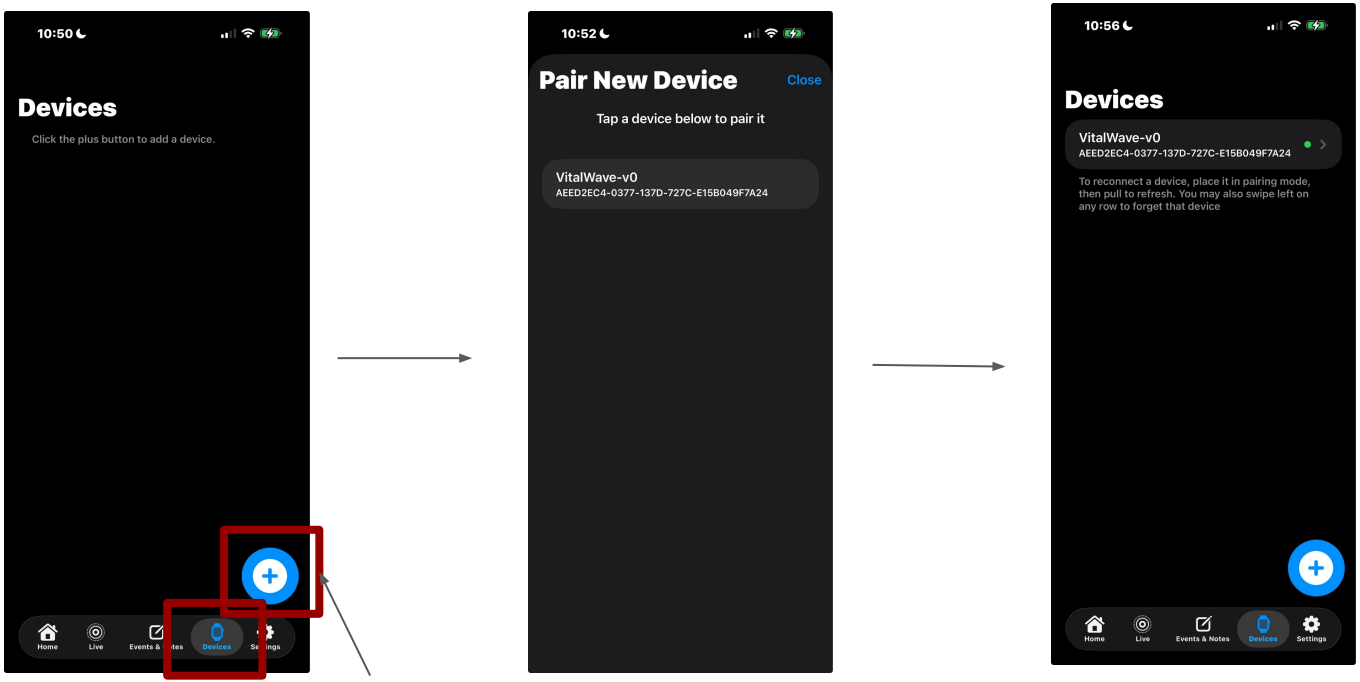

- Once you have completed all previous tutorials 1-6, we can now make our first recording!

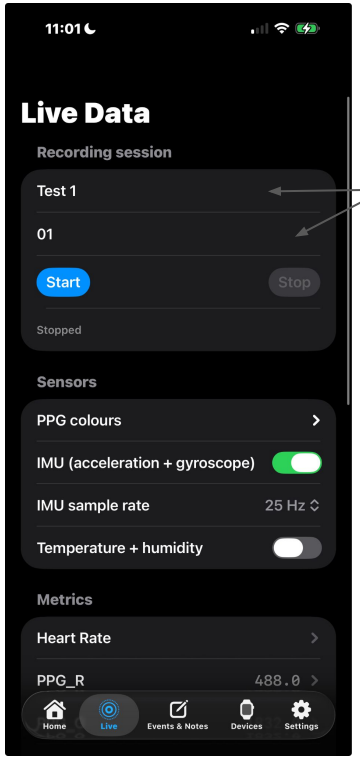

Create an account or sign in if you already have an account.

Connect the watch

- Ensure the watch is powered and charged, navigate to devices subtab

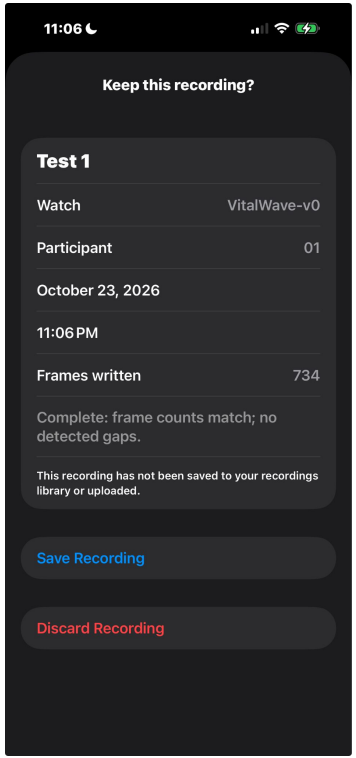

Make your first recording!

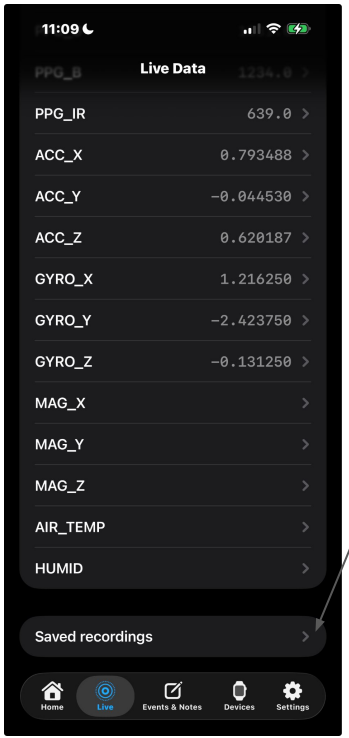

Fill in session details and hit start to record!

You can choose which sensors you want turned on

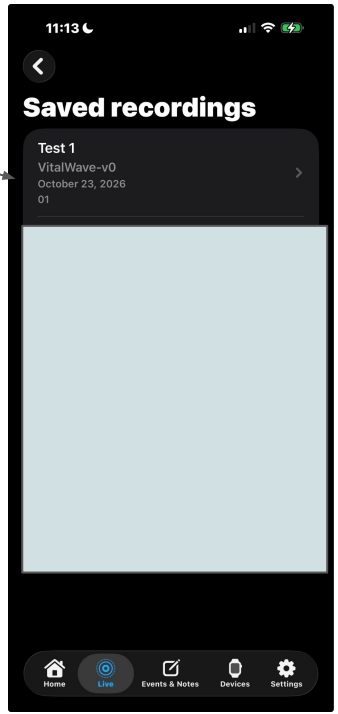

Once the recording is complete, it would ask if you want to save your recording or discard

Export your saved recordings

Select Recordings you want to view

Scroll all the way down in the live tab to view the saved recordings

Export and share data if desired
